BYOD

In 2021, if possible, we encourage all students to bring their own device to school. We recommend a Windows 10 device, capable of running Microsoft Office. It should be lightweight and robust enough to survive teenage life, have a battery life of 6 hours or higher, and ideally 128GB or more of Solid State Storage (SSD). A touch enabled device will provide the best learning experience. All students will be issued with an Office 365 account. From this account they are able to download the full Office suite on to 5 different devices (including home computers). Specs: Windows 10 (Mac is also suitable) 4 GB RAM (minimum) 2.2GHZ Processor 128 GB SSD storage Wireless 802.11n or 802.11ac Battery 6 hour life
